THE MERITAGE RESORT AND SPA

NAPA, CALIFORNIA

When it comes to jaw-dropping scenery, the grounds above the Four-Diamond Meritage Resort and Spa are hard to beat. Located at the southern tip of the Napa Valley, the resort is done up in the understated elegance of Old World Florentine architecture and features Tuscan décor. Most of the 322 luxurious rooms boast private terraces overlooking rolling hills and nine acres of sprawling vineyards, and there's also recreation like hiking, swimming and curling up near outdoor fireplaces if you so choose. An award-winning culinary staff delights at serving seasonal upscale fare at Sienna or adding a sweet touch to your stay with pastries and espressos at Blend. But the draw is the shoppable wine cellar situated right outside the door of the highly popular, entirely underground 22,000-square-foot Spa Terra, where unforgettable services like the head-to-toe Spa Terra Journey (\$465) are the perfect wind-down after a long day of wine tasting in the Estate Cave (meritagecollection.com/meritageresort).
