

### Hotel Sorella

Due to its interiors by Peter Remedios and its position in the mixed-use CityCentre complex, the Sorella injected a shot of style into west Houston when it opened here in 2009. The modern decor in the lobby (overleaf) carries over into the 244 rooms, where darkwood furnishings and jewel tones play off white walls. Despite their floor-to-ceiling windows, some of the rooms can be dark; we suggest a Junior

Suite or the Penthouse (above) for extra light and space. Useful amenities include passes to the adjacent Life Time Athletic (T 713 464 1200), a comprehensive gym and spa. Post-workout, have a drink at the hotel's ground-floor Bistro Bar (T 713 827 3545) – a quieter alternative to the Monnalisa lounge upstairs.
